March 2002

Dear Colleague,

Since P.L. 99-457, the Individuals with Disabilities Education Act (IDEA), was passed in 1986, the role of physicians and health care providers has been critical to the success of early intervention services and programs. It is difficult, however, to involve these professionals in an active way in our programs due to the demands of their schedules and the nature of their jobs. This packet has been provided to you, as the coordinator of an infant/toddler network or preschool program, so you can provide physicians and health care professionals in your area with information about early intervention services. Please use and disseminate as appropriate.

We hope that you will find that the packet contains helpful information. After you have examined the packet, please complete the enclosed evaluation and return it to us at the address provided on the form or complete the evaluation online at <https://www.surveymonkey.com/s/F6DL5FN>. Thank you for your interest and efforts toward the development of quality services and programs for young children and their families.

Sincerely,

David P. Lindeman, Ph.D.  
KITS Director

Kansas Inservice Training System is supported through Part C, IDEA Funds from the Kansas Department of Health and Environment.

The University of Kansas is an Equal Opportunity/Affirmative Action Employer and does not discriminate in its programs and activities. Federal and state legislation prohibits discrimination on the basis of race, religion, color, national origin, ancestry, sex, age, disability, and veteran status. In addition, University policies prohibit discrimination on the basis of sexual orientation, marital status, and parental status.

## Physicians, Health Care Providers & Early Intervention Packet Evaluation

This packet has been developed as a resource to enable you to understand the issues related to working with physicians and other health care providers in early intervention. The packet contents were chosen based on your requests and needs assessment results. We would like you to evaluate how helpful this packet has been for you. Please respond to the following questions and return this form to us at the address below.

Please check the parts of the packet that you found most helpful. In the space provided briefly tell us how or why each part was helpful to you.

*Article*

*Resources*

*Forms*

Please identify why each part you checked was helpful:

---

---

---

Please check the parts of the packet that you found were not helpful to you. Then in the space provided, briefly tell us how or why each part was of little use to you.

*Article*

*Resources*

*Forms*

Please identify what about this part(s) made it of little use:

---

---

Please tell us what was not available in the packet that would have been helpful to you.

---

---

Please describe how you plan to use the information in this packet.

---

---

Other comments or suggestions for future packets:
